Index for Volume 34 [1963]

Prepared for the Research Council by
J. Grove Wolf
assisted by Bernard G. Starks

Authors and important topics are indexed. Topics selected for indexing are those for which the article supplies information or data. The brief descriptive phrase is followed by the author's name, month, and page of reference.

AAHPER, physical fitness test
fitness of Danish school children, Knuttgen, H. C., and Steendahl, K., March: 34
an analysis of, Ponthieux, N. A., and Barker, D. G., Dec.:525
abstracts
of research articles, March:113; May: 250; Oct.:400; Dec.:529
academic achievement
and stabilometer performance, Ryan, E. D., May:185
accuracy
and speed of ice hockey wrist and slap shots, Alexander, J. F., Haddow, J. B., and Schultz, G. A., Oct.:259
Adams, R. S., March:91
adjustment
Kraus-Weber scores and personality adjustment, Smart, R., and Smart, M., May:199
aerobic
and anaerobic work efficiency, Mathews, D. K., Bowers, R., Fox, E., and Wilgus, W., Oct.:356.
age
variations in floating ability with, Whiting, H. T. A., March:84
height and weight relationships between physical performances, Espenschade, A. S., May:144
effect on reaction time and speed of movement, Hodgkins, J., Oct.:335
Alexander, John F., Oct.:259
Alley, Louis E., Oct.:267
anaerobic
speed and 0^2 consumption of the 100-yard dash, deVries, Herbert A., Oct.: 305
and aerobic work efficiency, Mathews, D. K., Bowers, R., Fox, E., and Wilgus, W., Oct.:356
ankle wraps
effect of exercise upon supporting strength of ankle wraps, Malina, R. M., Plagenz, L. B., and Rarick, G. L., May:158
anthopometric measures
relationship of flexibility measurements to, Wear, C. L., May:234
somatotype ratings, and certain motor fitness tests in South Africa, Hebbelinck, M., and Postma, J. W., Oct.: 327
arm action
influence of exercise on speed of movement and reaction latency, Phillips, W. H., Oct.:370
velocity curves and static strength-action strength correlations in relation to the mass moved by, Whitley, J. D. and Smith, L. E., Oct.:379
Asprey, Gene M., Oct.:267
athletic competition
needs of junior high school pupils in relation to, Meyers, C. R., and Onhmacht, F. W., Dec.: 521
attitudes
toward physical education, Keogh, J., March:27
scales for measuring toward physical education, Adams, R. S., March:91
ballistics
in the mat kip, Spencer, R. R., May: 213
Barker, D. G., Dec.:525
Bartels, Robert L., Oct.:322
baseball
pitching rubber position and stride in control pitching, Edwards, D. K., March:9
correcting batting faults, Watkins, D. L., May:228
batting
motion pictures as an aid in correcting faults, Watkins, D. L., May:228
Bedecki, Thomas G., Oct.:361
Belisle, James J., Oct.:271
bench stepping
cardiovascular efficiency test scores,

Hodgkins, J., and Skubic, V., Dec.: 454
Berger, Richard A., May:131; Oct.:396; Dec.:419, 514
body composition
relative to motor aptitude for preadolescent boys, Ismail, A. H., Christian, J. E., and Kessler, W. V., Dec.:462
body weight
physical training effects upon white mice, Kenyon, G. S., and Torresani, R., March:21
Bovyer, G., Oct.:282
Bowers, Richard W., Oct.:322, 356
bowling
effectiveness of an aid to instruction, Dailey, L., Wessel, J. A., and Nelson, R. C., May:136
Bruce, R. A., March:41
California physical performance test
relationships between physical performances, age, height, and weight of children, Espenschade, A. S., May:144
cardiorespiratory
responses to strenuous exercise in trained and untrained men, Koff, A., Bruce, R. A., Fernandes, K., Ovenell, D., and Cutler, R. K., March:41
cardiovascular efficiency tests
for girls and women, Skubic, V., and Hodgkins, J., May:191
for college women, Hodgkins, J., and Skubic, V., Dec.:454
Cauffman, Joy G., Dec.:425
children
fitness of Danish, Knuttgen, H. G., and Steendahl, K., March:34
relationships between physical performances, age, height, and weight of, Espenschade, A. S., May:144
Kraus-Weber scores and personality adjustment of, Smart, R., and Smart, M., May:199
heart rate during physical education periods, Faulkner, J., Greey, G., and Hunsicker, P., March:95
Christian, J. E., Dec.:462
circuit training
effects of on the modified Harvard step test, Howell, M. L., Hodgson, J. L., and Sorenson, J. T., May:154
circulation
local metabolites and the circulatory adjustments to exercise, Michael, E. D., Jr., Horvath, S. M., and Johnson, M. A., Jr., March:64
circulorespiratory fitness
fitness of Danish school children, Knuttgen, H. G., and Steendahl, K., March: 34
effects of circuit training on the modified Harvard step test, Howell, M. L., Hodgson, J. L., and Sorenson, J. T., May:154
use of heart rate response as a measure of, Nagle, F. J., and Bedecki, T. G., Oct.:361
Clarke, H. Harrison, Oct.:288
classification
of students on the basis of strength, Berger, R. A., Dec.:514
Coleman, James C., Dec.:516
college students
physical fitness in South Africa, United States of America, and England, Sloan, A. W., May:244
communication
modern dance in relation to choreographic structure, elements of composition, and, Turner, M. J., May:219
composition
modern dance in relation to communication, choreographic structure, and, Turner, M. J., May:219
control
handedness and its influence upon static neuromuscular control, Smith, L. E., and Lewis, F. D., May:206
and baseball pitching rubber position and stride, Edwards, D. K., March:9
correlation
increases obtained by using average rather than "best" scores, Whitley, J. D., and Smith, L. E., May:248
Cratty, Bryant J., March:3; Dec.:431
cross training
specificity of strength changes of the exercised and nonexercised limb following isometric training, Gardner, G. W., March:98
Cureton, Thomas K., Dec.:440
Cutler, Russell K., March:41
Dailey, Lucille, May:136
dance
the 1928-29 season in New York, Schlundt, C. L., March:70
relation of communication, choreographic structure, and elements of composition to modern, Turner, M. J., May: 219
Danish children
fitness of, Knuttgen, H. G., and Steendahl, K., March:34

Dearborn, Terry H., Oct.:299
deVries, Herbert A., Oct.:305, 314
diet
  effect of eating times on the 440-yard dash and half-mile run, Asprey, G. M., Alley, L. E., and Tuttle, W. W., Oct.: 267
dietary supplements
  physical fitness associated with underwater trainees, with and without, Cureton, T. K., Dec.:440
dynamic training
  compared with static training programs, Berger, R. A., May:131
  and static training effects on vertical jumping, Berger, R. A., and Rapp, D., Dec.:419
Edwards, Donald K., March:9; Dec.:478
electromyography
  use of in kinesiological research, O'Connell, A. L., and Gardner, E. B., May: 166
energy expenditures
  after effects of exercise upon resting metabolic rate, deVries, H. A., and Gray, D. E., Oct.:314
  and speed for two swimming turns, Fox, E. L., Bartels, R. L., and Bowers, R. W., Oct.:322
England
  physical fitness of college students in South Africa, United States of America, and, Sloan, A. W., May:244
equipment
  two inexpensive bicycle ergometers, Royce, J., and Henry, F., March:111
ergometer
  two inexpensive, Royce, J., and Henry, F., March:111
  fitness of Danish school children, Knuttgen, H. G., and Steendahl, K., March: 34
  local metabolites and the circulatory adjustments to exercise, Michael, E. D. Jr., Horvath, S. M., and Johnson, M. A. Jr., March:64
  aerobic and anaerobic work efficiency, Mathews, D. K., Bowers, R., Fox, E., and Wilgus, W., Oct.:356
  effect of selected rhythms and sound intensity of human performance as measured by, Nelson, D. O., Dec.:484
Espenschade, Anna S., May:144
exercise
  limb strength changes following isometric training, Gardner, G. W., March:98
  local metabolites and the circulatory adjustments to, Michael, E. D. Jr., Horvath, S. M., and Johnson, M. A. Jr., March:64
  and cardiorespiratory responses in trained and untrained men, Koff, A., Bruce, R. A., Fernandes, K., Ovenell, D., and Cutler, R. K., March:41
  effect of supporting strength on ankle wraps, Malina, R. M., Plagenz, L. B., and Rarick, G. L., May:158
  effects of training upon weight of white mice, Kenyon, G. S., and Torresani, R., March: 21
  and aftereffects upon resting metabolic rate, deVries, H. A., and Gray, D. E., Oct.:314
  and influence of fatiguing on speed of movement and reaction latency, Phillips, W. H., Oct.:370
fatigue
  influence of warm-up exercise on speed of movement and reaction latency, Phillips, W. H., Oct.:370
Faulkner, John, March:95
Fernandes, K., March:41
Finland
  motor ability of male college students, Vuori, P., and Pangle, R., Oct.:398
fitness
  of Danish schoolchildren, Knuttgen, H. G., and Steendahl, K., March:34
  Kraus-Weber scores and personality adjustment of children, Smart, R., and Smart, M., May:199
flexibility
  and strength influences on lumbar posture, Flint, M. M., March:15
  relationship to length of selected body segments, Wear, C. L., May:234
  in speed and 0^2 consumption of an anaerobic 100-yard dash, deVries, H. A., Oct.:305
Flint, M. Marilyn, March:15
floating
  ability with age in the male, Whiting, H. T. A., March:84
Fox, Edward L., Oct.:322; 356
galvanic skin conductance
  relationship to ring-peg performance, Ryan, E. D., Dec.:526
Gardner, E. B., May:166
Gardner, Gerald W., March:98
golf
  two styles of putting, Kelliher, M. S., Oct.:344
Gollnick, P. D., Dec.:508

graphic presentations
of research results, Pierson, W. R., March:106
Gray, David E., Oct.:314
Greene, Walter H., Oct.:288
Greey, George, March:95
grip strength
speed and accuracy of ice hockey wrist and slap shots, Alexander, J. F., Haddow, J. B., and Schultz, G. A., Oct.:259
gymnastics
telemetered heart rates recorded during routines, Kozar, A. J., March:102
ballistics in the mat kip, Spencer, R. R., May:213
Haddow, James B., Oct.:259
handedness
its influence upon static neuromuscular control, Smith, L. E., and Lewis, F. D., May:206
Harvard step test
effects of circuit training, Howell, M. L., Hodgson, J. L., and Sorenson, J. T., May:154
a cardiovascular efficiency test for girls and women, Skubic, V., and Hodgkins, J., May:191
physical fitness of college students in South Africa, United States of America, and England, Sloan, A. W., May:244
health education
class performances and gains in, Dearborn, T. H., Oct.:299
health behavior of junior high school students, Cauffman, J. G., Dec.:425
oral method of historical research in, Means, R. K., Dec.:518
Hearn, G. R., Dec.:508
heart rate
during physical education periods, Faulkner, J., Greey, G., and Hunsicker, P., March:95
telemetered during gymnastic routines, Kozar, A. J., March:102
response as a measure of circulorespiratory capacity, Nagle, F. J., and Bedecki, T. G., Oct.:361
Heath, William D., Dec.:478
Hebbelinck, M., Oct.:327
height
weight, age, and physical performance relationships in children, Espenschade, A. S., May:144
Henry, Franklin, March:111
history
1928-29 dance season in New York, Schlundt, C. L., March:70
Hodgkins, Jean, May:191; Oct.:335; Dec.:454
Hodgson, James L., May:154
Horvath, Steven M., March:64
Howell, Maxwell L., May:154
Hunsicker, Paul, March:95
Hurst, Rex L., May:239
ice hockey
comparison of wrist and slap shots for speed and accuracy, Alexander, J. F., Haddow, J. B., and Schultz, G. A., Oct.:259
Ismail, A. H., Dec.:462
isometric training
strength changes of the exercised and nonexercised limb following, Gardner, G. W., March:98
a reliable method of assessing strength, Kroll, W., Oct.:350
and standing broad jumping ability, Lindeburg, F. A., Edwards, D. K., and Heath, W. D., Dec.:478
Jensen, Clayne R., Dec.:471
Johnson, Melvin A., Jr., March:64
karate
tps scores of experienced students, Rasch, P. J., and O'Connell, E. R., March:108
reaction and movement time of experienced karateka, Rasch, P. J., and Pierson, W. R., May:242
Kelliher, M. S., Oct.:344
Kenyon, Gerald S., March:21
Keogh, Jack F., March:27; Dec.:516
Kessler, W. V., Dec.:462
kinesiology
the use of electromyography in, O'Connell, A. L., and Gardner, E. B., May:166
kip
ballistics in, Spencer, R. R., May:213
Knuttgen, Howard G., March:34
Koff, Arnold, March:41
Kozar, Andrew J., March:102
Kraus-Weber test
and personality adjustment of children, Smart, R., and Smart, M., May:199
Kroll, Walter, March:50; Oct.:350
Lewis, Dwain, May:206
Liba, Marie R., March:56
Lindeburg, Franklin A., Dec.:478
locomotor maze
verbal-motor performance and serial memory tasks, Cratty, B. J., Dec.:431

locomotor skill
recency versus primacy in a complex gross motor task, Cratty, B. J., March:3
male
variations in floating ability with age, Whiting, H. T. A., March:84
Malina, Robert M., May:158
maze running
recency versus primacy in a complex gross motor task, Cratty, B. J., March: 3
Means, Richard K., Dec.:518
Mathews, Donald K., Oct.:356
Mansfield, John, Dec.:516
aftereffects of exercise upon, deVries, H. A., and Gray, D. E., Oct.:314
metabolites
and the circulatory adjustments to exercise, Michael, E. D., Jr., Horvath, S. M., and Johnson, M. A., Jr., March: 64
Meyers, Carlton R., Dec.:521
Michael, Ernest D., Jr., March:64
motion pictures
as an aid in correcting baseball batting faults, Watkins, D. L., May:228
motivation
related to performance of physical fitness tests, Strong, C. H., Dec.:497
motor ability
of Finnish male college students, Vouri, P., and Pangle, R., Oct.:398
motor aptitude
body composition relative to, Ismail, A. H., Christian, J. E., and Kessler, W. V., Dec.:462
motor fitness tests
anthropometric measurements and somatotype ratings of physical education majors in South Africa, Hebbelinck, M., and Postma, J. W., Oct.:327
motor performance
and social adjustment among boys experiencing learning difficulties, Coleman, J. C., Keogh, J. F., and Mansfield, J., Dec.:516
motor training
recency versus primacy in a complex gross motor task, Cratty, B. J., March: 3
movement time
and reaction of experienced karateka, Rasch, P. J., and Pierson, W. R., May: 242
Nagle, Francis J., Oct.:361
Nelson, Dale O., May:239; Dec.:484
Nelson, Richard C., May:136
neuromuscular control
handedness and its influence upon, Smith, L. E., and Lewis, F. D., May: 206
norms
relationships between physical performances, age, height, and weight, Espenschade, A. S., May:144
O'Connell, A. L., May:166
O'Connell, Eugene R., March:108
Onmacht, Fred W., Dec.:521
Ovenell, David, March:41
oxygen consumption
and muscle "looseness" in speed of anaerobic 100-yard dash, deVries, H. A., Oct.:305
aerobic and anaerobic work efficiency, Mathews, D. K., Bowers, R., Fox, E., and Wilgus, W., Oct.:356
passing
a test for volleyball, Liba, M. R., and Stauff, M. R., March:56
performance
on stabilometer and academic achievement, Ryan, E. D., May:185
physical related to age, height, and weight, Espenschade, A. S., May:144
personality
adjustment and Kraus-Weber scores, Smart, R., and Smart, M., May:199
personal-social measures
relationships between, Clarke, H. H., and Greene, W. H., Oct.:288
Phillips, William H., Oct.:370
physical education
scales for measuring attitude toward, Adams, R. S., March:91
heart rate during, Faulkner, J., Greey, G., and Hunsicker, P., March:95
attitudes toward, Keogh, J., March:27
physical fitness
of college students in South Africa, United States of America, and England, Sloan, A. W., May:244
of Danish schoolchildren, Knuttgen, H. G., and Steendahl, K., March:34
improvements in, associated with underwater trainees with and without dietary supplements, Cureton, T. K., Dec.:440
motivation related to performance tests, Strong, C. H., Dec.:497
analysis of AAHPER test, Ponthieux, N. A., and Barker, D. G., Dec.:525

physical performance
related to age, height, and weight of children, Espenschade, A. S., May:144
physical training
cardiorespiratory responses to exercise in men, Koff, A., Bruce, R. A., Fernandes, K., Ovenell, D., and Cutler, R. K., March:41
effects of, upon weight of white mice, Kenyon, G. S., and Torresani, R., March:21
Pierson, William R., March:106; May:242
pitching
stride and position on the pitching rubber on control in baseball, Edwards, D. K., March:9
Plagenz, Lyle B., May:158
Ponthieux, N. A., Dec.:525
position
on pitching rubber and stride on baseball pitching control, Edwards, D. K., March:9
Postma, Johan W., Oct.:327
posture
the influence of flexibility and strength on lumbar, Flint, M. M., March:15
Pangle, Roy, Oct.:398
putting
analysis of two styles, Kelliher, M. S., Oct.:344
Rapp, Donald, Dec.:419
Rarick, G. Lawrence, May:158
Rasch, Phillip J., March:108; May:242
reaction time
and movement time of experienced karateka, Rasch, P. J., and Pierson, W. R., May:242
accuracy, reliability, and refractoriness in a coincidence-anticipation task, Belisle, J. J., Oct.:271
and speed of movement of various ages, Hodgkins, J., Oct.:335
effect of training on individuals of low fitness, Tweit, A. H., Gollnick, P. D., and Hearn, G. R., Dec.:508
reliability
variations of strength in test-retest situations, Kroll, W., March:50
research methods
the oral method of historical research in health education, Means, R. K., Dec.: 518
research reporting
graphic portrayal of, Pierson, W. R., March:106
significant or not significant, Nelson, D. O., and Hurst, R. L., May:239
rhythm
and sound intensity effects on performance measured by the bicycle ergometer, Nelson, D. O., Dec.:484
ring-peg test
relationship to galvanic skin conductance, Ryan, E. D., Dec.:526
roentgenographic measurement
and the influence of flexibility and strength to lumbar posture, Flint, M. M., March:15
Royce, Joseph, March:111
running
effect of eating at various times on performances in the 440-yard dash and half-mile run, Asprey, G. M., Alley, L. E., and Tuttle, W. W., Oct.:267
Ryan, E. Dean, May:185; Dec.:526
Schlundt, Christena L., March:70
Schultz, Gerald A., Oct.:259
serial memory tasks
learning and verbal-motor performance in, Cratty, B. J., Dec.:431
shooting
speed and accuracy of ice hockey wrist and slap shots, Alexander, J. F., Haddow, J. B., and Schultz, G. A., Oct.:259
significance
or not significant, Nelson, D. O., and Hurst, R. L., May:239
skills
a test for the volleyball pass, Liba, M. R., and Stauff, M. R., March:56
academic achievement and stabilometer performance, Ryan, E. D., May:185
Skubic, Vera, May:191; Dec.:454
Sloan, A. W., May:244
Smart, Mollie, May:199
Smart, Russell, May:199
Smith, Leon E., May:206, 248; Oct.:379; Dec.:489
social adjustment
and motor performance among boys experiencing learning difficulties, Coleman, J. C., Keogh, J. F., and Mansfield, J., Dec.:516
sociometric measures
applied to 10-year-old boys, Clarke, H. H., and Greene, W. H., Oct.:288
somatotyping
anthropometric measurements, and motor fitness tests of physical education majors in South Africa, Hebbelinck, M., and Postma, J. W., Oct.:327
Sorenson, J. Thomas, May:154
sound intensity

and rhythms of human performance measured by the bicycle ergometer, Nelson, D. O., Dec.:484
South Africa
physical fitness of college students in U.S., England, and, Sloan, A. W., May:244
speed
reaction and movement time of experienced karateka, Rasch, P. J., and Pierson, W. R., May:242
and accuracy of ice hockey wrist and slap shots, Alexander. J. F., Haddow, J. B.; and Schultz, G. A., Oct.:259
and 0^2 consumption of anaerobic 100-yard dash related to muscle "looseness," deVries, H. A., Oct.:305
and energy expenditure for two swimming turns, Fox, E. L., Bartels, R. L., and Bowers, R. W., Oct.:322
and reaction time of movement of various ages, Hodgkins, J., Oct.:335
influence of fatiguing exercises on reaction latency and, Phillips, W. H., Oct.: 370
muscular force of a limb and, Smith, L. E., and Whitley, J. D., Dec.:489
Spencer, Richard R., May:213
sportsmanship
children's concepts of, Bovyer, G., Oct.: 282
stabilometer
performance and academic achievement, Ryan, E. D., May:185
relationship of galvanic skin conductance to ring-peg performance, Ryan, E. D., Dec.:526
standing broad jump
effect of isometric exercise on, Lindeburg, F. A., Edwards, D. K., and Heath, W. D., Dec.:478
static
neuromuscular control influenced by handedness, Smith, L. E., and Lewis, F. D., May:206
training and dynamic training programs, Berger, R. A., May:131
strength-action strength correlations and velocity curves in relation to the mass moved by the arm, Whitley, J. D., and Smith, L. E., Oct.:379
and dynamic training effects on vertical jumping ability, Berger, R., and Rapp, D., Dec.:419
statistics
significant or not significant, Nelson, D. O., and Hurst, R. L., May:239
larger correlations obtained by using average rather than "best" scores, Whitley, J. D., and Smith, L. E., May:248
Stauff, Marilyn R., March:56
steadiness
handedness and its influence upon static neuromuscular control, Smith, L. E., and Lewis, F. D., May:206
Steendahl, Kai, March:34
strength
changes of the exercised and nonexercised limb following isometric training, Gardner, G. W., March:98
tps scores of experienced karate students, Rasch, P. J., and O'Connell, E. R., March:108
lumbar posture: the influence of flexibility and, Flint, M. M. March:15
reliability variations of in test-retest situations, Kroll, W., March:50
of ankle wraps and effect of exercise upon support, Malina, R. M., Plagenz, L. B., and Rarick, G. L., May:158
comparison between static and dynamic training, Berger, R. A., May:131
larger correlations obtained by using average rather than "best" scores, Whitley, J. D., and Smith, L. E., May:248
assessing isometric, Kroll, W., Oct.:350
effects of three weight training programs, Berger, R. A., Oct.:396
effects of dynamic and static training on vertical jumping ability, Berger, R. A., and Rapp, D., Dec.:419
muscular force of a limb, and speed of movement, Smith, L. E., and Whitley, J. D., Dec.:489
classification of students on the basis of, Berger, R. A., Dec.:514
stride
and position on the pitching rubber on control in baseball pitching, Edwards, D. K., March:9
Strong, Clinton H., Dec.:497
swimming
variations in floating ability with age, Whiting, H. T. A., March:84
comparison of speed and energy expenditure for two turns, Fox, E. L., Bartels, R. L., and Bowers, R. W., Oct.: 322
effects of five training combinations and weight training on the front crawl, Jensen, C. R., Dec.:471
teaching
a bowling aid to bowling instruction, Dailey, L., Wessel, J. A., and Nelson,

R. C., May:136
telemetry
heart rates recorded during gymnastic routines, Kozar, A. J., March:102
tensiometer
reliability variations of strength in test-retest situations, Kroll, W., March:50
strength changes of the exercised and nonexercised limb following isometric training, Gardner, G. W., March:98
effect of exercise upon supporting strength of ankle wraps, Malina, R. M., Plagenz, L. B., and Rarick, G. L., May:158
test
effects of circuit training on the modified Harvard step test, Howell, M. L., Hodgson, J. L., and Sorenson, J. T., May:154
of cardiovascular efficiency, Skubic, V., and Hodgkins, J., May:191
retest reliability variations of strength, Kroll, W., March:50
for the volleyball pass, Liba, M. R., and Stauff, M. R., March:56
Torresani, Robert, March:21
track
effect of eating at various times on performances in the 440-yard dash and the half-mile run, Asprey, G. M., Alley, L. E., and Tuttle, W. W., Oct.:267
the "looseness" factor in speed and 0^2 consumption of an anaerobic 100-yard dash, deVries, H. A., Oct.:305
training
static and dynamic programs, Berger, R. A., May:131
effect on total body reaction time on individuals of low fitness, Tweit, A. H., Gollnick, P. D., and Hearn, G. R., Dec.:508
treadmill
short periods of physical training upon weight of white mice, Kenyon, G. S. and Torresani, R., March:21
cardiorespiratory responses to strenuous exercise in trained and untrained men, Koff, A., Bruce, R. A., Fernandes, K., Ovenell, D., and Cutler, R. K., March:41
use of the 180 heart rate response as a measure of circulorespiratory capacity Nagle, F. J., and Bedecki, T. G., Oct.:361
tumbling
ballistics in the mat kip, Spencer, R. R. May:213
Turner, Margery J., May:219
Tuttle, W. W., Oct.:267
Tweit, A. H., Dec.:508
underwater swim training
and improvements in physical fitness associated with and without dietary supplements, Cureton, T. K., Dec.:440
United States
physical fitness of college students in South Africa, England, and, Sloan, A. W., May:244
velocity
curves and static strength-action strength correlations in relation to the mass moved by the arm, Whitley, J. D., and Smith, L. E., Oct.:379
verbal-motor performance
and learning in serial memory tasks, Cratty, B. J., Dec.:431
vertical jump
effects of dynamic and static training on, Berger, R. A., and Rapp, D., Dec.:419
volleyball
passing, a test for, Liba, M. R., and Stauff, M. R., March:56
Vuori, Paul I., Oct.: 398
warm-up exercises
influence on speed of movement and reaction latency, Phillips, W. H., Oct.:370
Watkins, David L., May:228
Wear, C. L., May:234
weight
relationships between physical performances, age, height, and, Espenschade, A. S., May:144
